Women in Hospitality Panel

How can we start addressing and improving our situations with such a small slot. Everyone has so many opinions, but there will never be enough time to sift through it all. That's why this smaller scale events more frequently are important for us. To have an ongoing informal discussion on bettering the industry for those currently in it which will improve the perception to persuade more long-term candidates to join.

Would you be interested in a panel option for Decembers event?

Would you prefer a small scale dinner or mastermind so the discussion is more group based or do we keep it the way it has been?

Have an idea, comment, or suggestion, don't hesitate to send it along. This is a member's driven group and so we are looking to build it to what the community feels it needs. Want to help? Great, we definitely need it. Let us know what you can offer.
Thanks see you at the next event.
